To the Family and Friends of Dr. Dorothy I. Height,

The Board of Directors of the Mental Health Association of the District of Columbia joins a grateful nation in saluting the many contributions of Dr. Dorothy I. Height to the advancement of justice and fairness for all people of the United States and the throughout the world. Few people in history have touched as many lives as Dr. Height as an adviser to U.S. Presidents, human rights advocate, educator, civil rights leader, and humanitarian.

Dr. Height was as eager to work with community residents as she was comfortable walking the corridors of the White House. There was no issue or cause too small for her support when she decided to lend her powerful voice and presence. The Mental Health Association of DC will always remember and be grateful for her support of our organization and particularly for her service as Honorary Chair of our Award Dinner in 2009.

We mourn her passing but her powerful spirit will be among us for eternity. She was truly a giant in our midst.

Respectfully Submitted,
